PLACERVILLE, EL DORADO COUNTY, CALIFORNIA

THURSDAY, SEPTEMBER 16, 1937

NUMBER 216

U. S. SEEKING P. O. SITE

Proposals Solicited; Will Be Opened Publicly October 1st At Placerville Office

Following announcement last Friday of the appropriation of \$85,000 for a postoffice building in Placerville, events moved swiftly during the week and it was learned that the Treasury Department is all ready taking steps to seek a site for the new building.

The Placerville Republican will publish an advertisement on Tues., September 21, and for several days thereafter at the request of the Public Buildings Branch of the Procurement Division of the Treasury Department, stating that proposals are solicited for a site for a federal building in Placerville and will be opened publicly at the office of the postmaster in Placerville on October 1, at 9 o'clock in the morning.

The approximate dimensions of the lot sought are corner lots, with 125 foot frontage and 180 foot depth, or interior lots with 150 foot frontage and 180 foot depth.

The advertisement will say that "sites having different street frontage dimensions will be considered provided area is approximately the same".

This would indicate that the government intends to lose no time in pressing the postoffice building project.

P. T. A. Begins Year's Work

District Meeting Announced At Unit Gathering; "Peace" Is Program Theme

Placerville Parent-Teacher Association held its initial meeting for the current school year on Wednesday afternoon at the grammar school building, with Mrs. Horace G. Dunn, president, in charge.

An announcement of special interest to Parent-Teacher units throughout the county called attention to the Third District P. T. A. meeting, which will be held in Placerville Wednesday of next week, at the Shakespeare Clubhouse.

The meeting will convene at ten o'clock in the morning and there will be a luncheon at the clubhouse. Reservations should be made with Mrs. Cecil George.

The unit met on the lawn at the school building and the business of the meeting included the president's report on her attendance at the California Congress of Parents and Teachers, held at Pasadena.

Mrs. W. F. Conzelman, program chairman, announced the theme for the P. T. A. year which is "Peace Through Understanding." Under this theme, the topic for the month of September was "The School, Its Relation to Peace" and the speaker was District Superintendent John H. Palmer.

Other topics for the year are "Peace Through Community Influence," for October; "Peace at Home," for November; "Peace On Earth, Good Will Toward Men," for December; "Healthful Living Promotes Peace," for January; "Safe Living A Peaceful Living," for February; "The P.T.A. A Peace Agency," for March; and "Wise Use of Leisure Time," for April.

The grammar school orchestra, directed by Miss Laura Ball, was heard in four selections and this was followed by a social hour with refreshments, with Mrs. Cecil George and Mrs. H. E. Hollenbeck as chairmen.

Placerville Man Has Old Wedding License

Interested in a report from an eastern state that a marriage license bearing a revenue stamp had been found, H. Solsrud visited this office during the week to show us the marriage certificate of William H. Fuller and Mary J. Davis. They were Mrs. Solsrud's great grandparents.

The certificate, issued in McHenry County, Illinois, July 12, 1865, also bears a revenue stamp.

A declaration of their intention to wed was filed Wednesday with County Clerk Arthur J. Koletzke by Richard Ray Hutcheson, 25, and Helen Masten, 26, both of Stockton.

DARK HORSE — Charles West, Under Secretary of the Interior Department, referred to as a dark horse for the Democratic presidential nomination in 1940. He is a former Ohio economics professor.

MRS. EMMA ASKEW IS SUMMONED

Services On Friday For Native, And Lifelong Resident Of County

A long period of failing health was closed on Wednesday evening when Mrs. Emma Frances Kemp Askew, a native of Placerville and a life-long resident of this county, was claimed by death.

The funeral services will be on Friday afternoon at 2 o'clock from the church at El Dorado. The rites will be conducted by the Rev. Harold Morehouse and burial will be at El Dorado cemetery, between the graves of her late husband and her late daughter, Mrs. Elmer Ruple.

Marguerite Parlor No. 2, Native Daughters of the Golden West, of which Mrs. Askew had been a member for many years, will have charge of the rites at the graveside and there will be an escort of members of Chrysolite Rebekah lodge, of Diamond Springs, of which she also was a member.

Born in Placerville almost seventy years ago, Mrs. Askew spent her girlhood in this city and following her marriage, she and her husband were engaged in farming. Later they operated a grocery store at El Dorado.

Of late years, Mrs. Askew had not been active, owing to gradually failing health which she bore with cheerful fortitude which served the more to endear her to a life-long circle of admiring friends.

She was a sister of William W. Kemp, dean of the School of Education of the University at Berkeley, who will arrive in Placerville Thursday evening in response to the sad summons announcing his sister's passing.

In addition, she is survived by her son-in-law, Elmer Ruple, four granddaughters, Mrs. Elmerie Tunzi of Ione; Hazel L. Ruple of Placerville; Mrs. Dineida Butts of Placerville; and Iva Ruple of Diamond Springs; three grandsons, Walton E. Ruple of Oroville; and Robert O. Ruple and Elton W. Ruple of Diamond Springs; and by her sister-in-law, Mrs. Nettie Pomi of Placerville.

Several nieces and nephews also survive her.

MOTHER LODGE HIGHWAY GROUP TO MEET IN PLACERVILLE

The Mother Lode Highway Association has accepted the invitation of El Dorado County Chamber of Commerce to hold its October meeting in Placerville and will meet here on October 3.

This is according to word received by Wallace M. Ripley, secretary of the chamber, from Archie D. Stevenot, president of the association.

Whether the meeting will be a luncheon or evening affair is not known at this writing, but the session is considered of importance to the community in view of the recent endorsement of proposals for development and improvement of the Mother Lode highway between Auburn and Mariposa.

With the rapid increase in Scout membership, leaders of troops are no longer able to supervise this phase of the program through lack of time and the present council action is aimed to secure business, professional and trade men in each of a score of communities throughout a five county (Sacramento, Amador, El Dorado, Yolo and Solano) area to serve as Merit Badge Counselors.

PONY EXPRESS COURIER SOLD

Norman H. Robotham Purchases Placerville's Nationally Known Magazine Of Old West

The Pony Express Courier, Placerville's nationally circulated magazine of the old west, was sold this week by Mrs. Verna M. Brame to Norman H. Robotham, who becomes its publisher and business manager.

Mr. Robotham immediately announced plans for special features for the magazine and the undertaking of activity intended to attract additional readers all over the nation.

Printing of the magazine will continue in Placerville at the offices of The Mountain Democrat and Mrs. Brame will continue under the new management in charge of circulation.

"Julian Dana will continue as editor and Harry Peterson, will remain as literary editor," the new publisher announced.

"One of our first additions to The Pony Express Courier will be a series of illustrations — pictures — of the Mother Lode and along the Pony Express Route," Mr. Robotham said. "Later we have a series of special articles which will touch upon fields in the building of the pioneer west."

"The first of these will start in January, a serial story reporting the building of the first transcontinental railroad."

"This is as a starter. Other articles (Continued on Page 4)"

Habeas Corpus Plea Weighed

Writ Of Mandate Petition Denied In Securities Act Case Against Pair

Following a hearing on Wednesday before the Third District Court of Appeals at Sacramento, the court has under advisement the matter of the petition of J. J. Rosenberg for the dismissal of charges of violating the state corporate securities act, brought against him by the El Dorado County Grand Jury.

The court earlier had denied a petition for a writ of mandate in behalf of Joseph Murphy, charged with Rosenberg, seeking dismissal of the charges against him.

District Attorney Henry S. Lyon and Robert E. Roberts, his assistant, with Deputy Sheriff William Bathurst, was at Sacramento for the hearing.

The petition for a writ of habeas corpus was filed in Rosenberg's behalf on August 26 by Attorney Bertram Ross of San Francisco, after Judge George H. Thompson, in the Superior Court, had denied the defense motion for a dismissal of the charges on statutory grounds.

The petition for the writ, in effect, appealed to the Third District Court of Appeals, the lower court's ruling on the dismissal motion.

Issuance of the writ was opposed by District Attorney Lyon.

Rosenberg continues at liberty on \$1,000 bail, set by the Appeals Court when the petition for the writ was filed, and Murphy is at liberty under \$5,000 bail, set by the Superior Court.

N. S. G. W. GRAND PARLOR DEDICATES SCHOOL ON SUNDAY

The Grand Parlor, Native Sons of the Golden West, will have charge of exercises dedicating the new McClatchy high school building at Sacramento on Sunday afternoon, September 19, at 2 o'clock.

According to word received by members of Placerville Parlor No. 9, of the order, Grand President Eldred L. Meyer will be present from Santa Monica.

Grand Third Vice-President Henry S. Lyon will head a delegation of members of the order from Placerville to attend the exercises, in which Mr. Lyon will have a part.

Mr. and Mrs. W. J. Davey and son, William, of Garden Valley, and Mrs. Mabel Calvin of Placerville, are home from an extended auto vacation trip through the Pacific Northwest and to Yellowstone Park. They report many interesting sights seen and no untoward incidents to mar the trip.

WELCOME, EXTORTIONISTS! — Wallace Beery, film star, received a letter threatening death for his adopted daughter, Carol Ann, unless he paid \$10,000. He got a pistol permit instead, and here is how the two plan to meet extortionists.

FLOODLIGHTING OF BENNETT PARK FIELD SOUGHT BY LEGION COMMITTEE

Pictures Of Past Commanders Since Institution Of Post Are Presented And Will Be Hung Upon Walls Of Hall; Membership Committee Reports Sixty Are Paid Up

The committee on floodlighting the playing field at Marcus P. Bennett, Jr., Memorial Park reported at the regular meeting of El Dorado Post No. 119, American Legion, Wednesday night, that preliminary investigation of the proposal indicates the project may be carried through.

L. J. Anderson is chairman of the committee, which promises a full and complete report on the project for the next meeting of the post. Other matter of chief interest for the evening was the presentation of a report by D. J. Bathurst, chairman, of a committee on pictures of past commanders of the post.

Bathurst unveiled the pictures for the post, which consists of five panels of four pictures to a panel, showing the commanders of the post since its organization.

COMMERCE CHAMBER TO MEET MONDAY AT RAFFLES

The regular meeting of the county Chamber of Commerce will be held Monday evening at 7:30 o'clock at Hotel Raffles.

According to Wallace M. Ripley, secretary, there are a number of important matters to be considered, among them the proposed changes in rates for shipping affecting this territory; and the proposal for a unicameral legislature in California.

It is felt that the Chamber of Commerce will wish to make some expression concerning both of these proposals.

5 MORE MINES ASSIST IN COLLECTION OF DISPLAY

Five more county mines have contributed samples to the mineral display being collected by the chamber of commerce, it was announced this week by Wallace M. Ripley, secretary.

Sulphides in quartz are shown by samples from the Beebe and Alpine mines at Georgetown. The Sir Raleigh, in the Ringgold section, has contributed quartz specimen and the Miller mine, at Grizzly Flat, has submitted quartz showing free gold and sulphides. This is the type, also, of a contribution from the Gold Treasury mine, at Kelsey.

CARUSO PROTEGE HOPES FOR "COMEBACK" ON OPERATIC STAGE

COLUMBUS, O. (U-P)—Thirty years ago Enrico Caruso discovered a talented young tenor working as a desk clerk in a St. Louis hotel. His interest started the youth on an operatic career that lasted 20 seasons.

Today, portly and gray at 48, the one-time protege of the great Italian singer is again behind a hotel desk in a clerk's capacity and dreaming of a "comeback."

The vocalist is John Powers, who rose to musical fame after Caruso and his St. Louis employer, A. J. Osborne, made up a pool to send him abroad for two years of study.

Mr. and Mrs. Edwin Green returned Wednesday from a vacation visit to Modesto.

WEBBER CREEK SPAN MAPPED

Clearing In Missouri Flat Section Scheduled To Begin At Noon On Thursday

Plans for a five-span reinforced concrete bridge to lead the new highway alignment west of Clark's Corners across Webber Creek are revealed in a Notice to Contractors published in The Mountain Democrat this week by authority of the Department of Public Works.

The notice says bids on the structure will be received until 2 o'clock on October 6, and at that hour opened and read.

Description of the bridge indicates that it will consist of three 71-foot spans and two 54-foot six-inch spans on concrete bents and abutments.

The building of 4.3 miles of new highway, realigning the present road from Clark's Corners to a point one mile and a half below El Dorado, was scheduled to start at 1 o'clock Thursday afternoon.

R. W. Brown, construction superintendent on the project for the firm of Hemstreet & Bell of Marysville, revealed Thursday morning that the first work would be clearing on the right of way, to be undertaken in the Missouri Flat district where the new right of way intersects the road from the existing highway to Missouri Flat.

Hunters Open Deer Season

Tom Smith, Jr., Credited With Leading Successful Nimrods First Day

The annual 30-day deer season opened Thursday morning and one of the first hunters to return with a buck was Tom Smith, Jr., who bagged a four-pointer in the Kelsey district, ending the new regulation regarding validation of tags. No deer may be transported, except for the purpose of taking the deer to a person authorized to countersign the tag, unless the tag has been countersigned.

The dean of El Dorado County hunters, it appears, is Augustino Sclaroni, who at the age of 87 years is unable to resist the call of the season and has obtained a license. It's no idle gesture, either, for he bagged his deer last season, and expects to do it again this year.

MRS. HENRY KANE WORKING ON WALL FRIEZE FOR 1939 EXPOSITION

Those who visited the women's building at the recent state fair, must have seen the very excellent display of embroidery done by Mrs. Henry Kane of Coloma. Her work took the form of embroidered pictures of pioneer themes and she was rewarded by receiving three first prizes and one second prize.

Mrs. Kane revealed this week she is working on a sacred theme, "The Christmas Story," which she will enter in the 1939 Exposition at San Francisco.

The articles displayed by Mrs. Kane at the fair are now on exhibition at the Hangtown Antique Shop and those who are interested are invited to call and inspect them there.

Frank Jones Rites Will Be Held Saturday

Funeral services for Frank G. Jones, who died Wednesday at a hospital in Placerville following a stroke of paralysis, will be held at the graveside in El Dorado cemetery at 2 o'clock Saturday afternoon. Rev. C. P. Smales will officiate under auspices of Memory Chapel. Mr. Jones is survived by a brother and sister in New York State, and has one cousin living at Hollywood.

David R. Young of Fallon, Nevada, is here to succeed George Franks as accountant in the forest headquarters. Mr. Franks resigned several weeks ago to enter private employment.

Mrs. Hugh McLean was removed on Wednesday afternoon in the Orell ambulance to Sutter Hospital, at Sacramento, where she will remain for some time under the treatment of a specialist.

CASUALTIES

College Expenses

It is true that any young person with good health and an ambition can get a college education, but the fact has many considerations. The minimum expense for a year at college is about five hundred dollars a year. If a boy or girl must earn a part of this, he must be spared from his college courses. Health is a prime necessity.

Many a youth breaks from the strain of trying to carry too heavy a load. The wise plan would be to prolong the college course, attempting to carry only a fraction of the regular college work each year, while earning a part of one's college expense. This has its advantages in giving one opportunity to thoroughly digest his college work as he goes along and to arrive at a certain maturity and ability to get the utmost out of his college training.

Most colleges have an employment bureau, but one cannot expect to get work before coming to college, nor to get a great amount of it the first year. Deans will help, but there are not enough jobs to go around among those wanting to earn a part of their way.

Outside work at college tends to make one more earnest, to budget his time more advantageously, to have a variety of exercises which is helpful; but it also makes one miss many of the college activities: athletic, literary, musical and social. There are scholarships to be had through good records at high school, and there are student loan funds available. A large per cent of students earn a part of their expenses, as board and room.

which usually requires four hours of work a day, or twenty-eight hours a week.

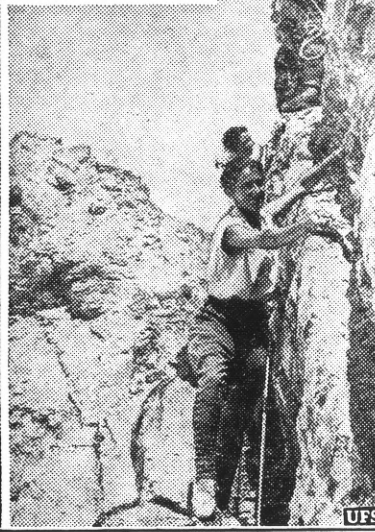

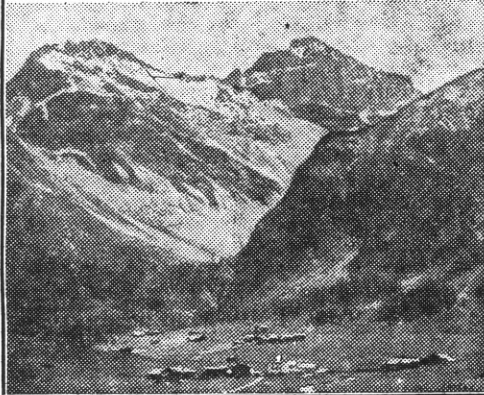

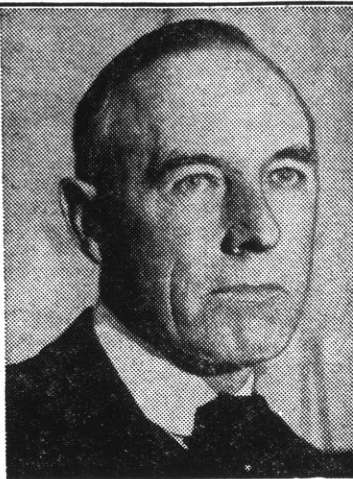

Some of the methods by which girls work their way through college are: acting as steward, waiter, dishwasher in a boarding house, sweeping, washing dishes or windows for housewives, caring for children, clerking in stores, working in college offices or in beauty parlors, doing fine laundry work, mending or making over dresses, pressing clothes, cleaning rooms for fellow students, making and selling candy, sandwiches or confections, tutoring, and corresponding for city dailies. A few have a trade at which they can work. Shorthand and typing are assets. One can always get work copying records for doctors and dentists, or writing letters for business men.

Fashions, Fads, Foibles

Checks are popular, not only at banks but in milady's wardrobe. The size of the checks vary from fine pin checks to wide squared plaids and their prominence ranges from shadow design to pronounced Scotch clan-plaids. Peplums ripple on the suit-like dress, giving an air of softness. Sleeves may be wrist or elbow length or come above or just below the elbow. They are more or less puffed at the top to give width to shoulders. Daytime skirts tend to straighter lines, but evening skirts are of the full, ballerina type and swing dramatically in the dance. Hemlines are from eleven to thirteen inches from the floor for daytime, a trifle longer for the afternoon tea, and may be ankle or floor length for evening.

For ease in walking, skirts have inverted pleats or slits at the sides. Tweed is the favorite fall material for coats, suits and utility dresses. Wool dresses of flannel, knit or jersey are worn under coats. Black is the leading color, running stronger than ever, though it has been a favorite for sev-

Italy, Germany Flout "Piracy" Parley

"PIRACY" PARLEY CONVENES—With the opening of the "piracy" parley at Nyon, Switzerland, diplomats were well aware that either its success or failure in clearing up the submarine attacks in the Mediterranean would have a definite bearing on future peace or war in the Old World. At upper left is Foreign Commissar Maxim Litvinoff of Russia, who charged Italy with responsibility for the attack, so that Italy and Germany stayed out of the parley. Upper center, Sir Ernie Chatfield, First Sea

Lord, and, right, Sir Robert G. Vansittart, Under Secretary of State for Foreign Affairs, two of the British delegates. Possibility was seen that the conference might move from Nyon, left center, on Lake Geneva, to the city of Geneva, right center. Lower center, Foreign Minister Yvon Delbos, heading the French delegation. Lower left, an Alpine valley in Switzerland, and, lower right, mountain climbers on one of the famed Swiss peaks. About 50 smaller nations delegated representatives to the conference.

Marketing Agreements Give Growers Increased Profits

During the past two years fruit growers and producers of other forms of agricultural products have had occasion to test the California Marketing Act and prove its value says the Grange News. Nineteen separate groups have supplemented their own work with aid from the state Department of Agriculture under this law and have found increased sales and increased profits. The yearly value of returns to producers under these programs is approximately \$45,577,000.00. Without exception there has been definite improvement in the price of the products to the producer and better satisfaction to the trade.

The asparagus growers, canning peach growers, milk producers, walnut, orange, pear and grapefruit in-

dustries all have felt the benefits of this law.

The pear marketing program furnishes a typical example. With a demoralized condition due to failure of the three western states to organize under a canning agreement, the fresh Bartlett pear growers in California entered into an agreement which became effective July 8, 1937. There was a 7.29 per cent increase in shipments over 1936 and the returns to the growers increased 14.88 per cent or more than 32c a box, very substantial evidence of the value of such a program. The California Marketing Act has had the support of the State Grange and we are glad to find from the records of the 19 agreements that the growers are universally satisfied with its operation.

James Clausen was in town Thursday on business from Sacramento.

George Klare was a caller Wednesday from Aukum.

eral seasons. Black evening dresses have captured the dance floor. Brown is more popular for fall than navy, though navy is a standard for all time. Red, yellow and green wool dresses are plentiful and the colors are soft in tone.

PERSONALS

Mr. and Mrs. Warren Benson were in town Wednesday from Somerset.

Raymond Miller, son of Rev. and Mrs. Harold Miller of Placerville, is attending college at Pasadena.

Mr. and Mrs. Ira Burke left Wednesday for a few days of vacation at Santa Cruz.

"Minimum Dress Law" For Dancers At Bay City

SAN FRANCISCO (UP)—Chief of Police William Quinn struck a blow at ostrich farms and balloon makers today when he set a "minimum dress law" for strip tease dancers. The dancer must have at least a strip of cloth a yard wide on her person at the end of the dance, he said.

C. C. Herbert, forest road superintendent, was in the Airport district above Georgetown on Thursday.

VANDALS DAMAGE SIGNS GUARDING LIVES ON HIGHWAYS

An alarming increase in the damage done to state highway signs during the last three months by vandals caused Director of Public Works Earl Lee Kelly today to issue an appeal to the citizens of California to co-operate with the Division of Highways and the California Highway Patrol in bringing about the arrest and prosecution of persons responsible for destroying hundreds of important highway safety signs.

Director Kelly called attention to the fact that the vehicle code provides for a maximum sentence for defacing highway signs of \$500 fine and six months in jail or both. He said that the damage to signs from bullet holes is becoming a factor that is seriously reducing the efficiency of these signs and in many cases results in the complete loss to the public and the endangering of human life. He said that a recently signed U. S. numbered route was inspected two weeks after the numbered shields were installed and all but one shield in a stretch of forty miles had been pierced by bullets. One reflector erected to warn motorists of a dangerous "S" curve and concrete culvert on the Jack Tone road two miles south of Lockford in San Joaquin County was blasted with fourteen bullets and 47 of 51 reflectors were pried from the sign, making its warning message virtually non-visible to night drivers.

Mrs. Roger Douvres, who has been confined to the Mercy Hospital in Sacramento under the care of a specialist, following a severe attack of arthritis, is reported as improving.

CCC Lads Praise Their Trainer

Walter C. Dooley Is Veteran
Back-Stop Of Coast Loop,
Boston Red Sox

BY JOSEPH K. LISKA
Editor of "Slash"
Mosquito CCC Camp Newspaper
In Smith Flat lives Walter C. Dooley, former first string catcher and coach of the Boston Red Sox, American League ball team. Mr. Dooley started his professional career with "Hap" Hogan's Vernon Baseball Club of the Pacific Coast League.

His splendid playing with the Vernon team earned him a promotion to the Louisville team of the American Association. From the A. A. League he was given a berth with the Boston Red Sox. For a number of years he played as their first string catcher; later he coached that team.

In 1929 after growing too old in the national pastime he retired to private life at Smith Flat. His strong love for the grand old game had him coaching the Placerville team, which is a member of the Placer-Nevada League.

While coaching the Placerville team he found time to make a championship team out of Camp Mosquito, CCC ball club, by teaching the players and all those interested, the fundamental principles on winning a ball game, through clean sportsmanship.

In the evening, the day after Camp Mosquito beat Camp Caldo, CCC Co. 3882, Coach Walter C. Dooley congratulated the CCC boys for their marvelous string of eight victories and one lost game for the season.

Captain J. S. Harbison, Commanding Officer, reaffirmed the members' belief, that the reason Camp Mosquito's ball team emerged as champions of the Eastern Division of the Sacramento District, which entitled the ball club to a silver trophy, was because of Dooley.

At the present Mr. Dooley is Recreational Advisor, and instructor of Crafts and Arts in Camp Mosquito.

Diamond Springs Hopes For Fire District

We learn that the residents of Diamond Springs will meet on Monday evening, September 20, in furtherance of their hopes to establish a fire protection district. A preliminary organization has been set up with W. R. Drew as chairman and W. L. Eaton, as secretary, and Monday night's meeting will hear a report from a committee headed by R. J. Finchley, on equipment; and a committee headed by George Johnson, on the matter of forming a district.

We commend the leaders in this progressive undertaking to the support of property owners in the district to the end that the service sought may be obtained.

Recorder's Filings

September 15

Partial Reconveyance—Corporation of America, trustee to persons legally entitled thereto.

Deed—De Witt W. LeBourveau and Ovelio J. LeBourveau, to State of California.

Notice of Completion—By John A. Raffetto, Jr.

Reconveyance—Corporation of America, trustee to persons legally entitled.

Mr. and Mrs. Adolph Martin are spending a few days deer hunting, with Adolph still vowing to catch up with Mrs. Martin, who has the best record of the two for recent deer seasons.

Pollock Pines school pupils started their work for the year Monday in their new \$12,000 building with Harry Reese and Mrs. Ruth Baumhoff as teachers. The new building was erected by Frank Schmershal, general contractor.

Roger Douvres is up and around again after his recent operation for appendicitis.

Carstens Take Part In State Fair Shoot

Ernest Carsten, Sr., and Ernest, Jr., of Camino, took part in the state fair trap shoot at the Sacramento club range last Sunday and, as usual, gave a good account of themselves.

Carsten, Sr., tied for first in the diamond medal event, with 96 and broke 97 in the sixteen-yard event.

Carsten, Jr., broke 95 at sixteen yards, scored 93 in the medal event and got 46 of a possible 50 in the doubles.

Les Neilsen let the boys know he was there, too, with 92 at 16 yards and 86 in the medal competition.

MERIT BADGE ADVISORS SOUGHT FOR SCOUT ORGANIZATION

The program to secure immediately 1000 men to serve as technical advisors to Boy Scouts is now under way and will be pushed to early completion, according to W. P. Dayton, a director of the Golden Empire Council, Boy Scouts of America, and chairman of the council court of honor.

The Scouting program offers 107 vocational and citizenship subjects in which older Scouts may demonstrate proficiency. They are known as Merit Badge subjects.

Completion of the undertaking will double the adult membership of the Golden Empire Council.

Mrs. Ted Arnold is reported as improving following an emergency operation for appendicitis, recently.

Thomas Chard, high school faculty member who recently was operated upon at a San Francisco hospital, has improved to such an extent that he has been able to leave the hospital and go to the home of his sister, near Fresno, where his convalescence continues satisfactorily.

Mr. and Mrs. Peter Garrick are vacationing this week in the bay district.

Placerville Bartletts Go A Long Way To Make Friends

Placerville Bartletts are not only making new friends, but a re-finding some old ones, judging from this letter which was received recently by the Placerville Fruit Growers' Association.

It is from Ernest H. Jackson, 20 Pleasant street, Great Barrington, Massachusetts, and requires no further introduction:

"Dear Sirs:

"My father, Chas. P. Jackson, who died at Brooklyn, N. Y., in 1907, aged 86 years, was a California '49er and one of the earliest settlers of Placerville. One or more of the brick buildings, I am told still standing, were built by him.

"He had a general store and did a banking business. His brother, Julius Jackson, and wife, are buried there, also my father's first born, a boy who died at the age of 18 months; and recently my cousin, George Jackson (son of Julius) prominent for many years at Anaconda, Montana, was buried as well in your town cemetery.

Kelsey Farm Center To Meet On Friday

The regular meeting of the Kelsey Farm Center for September will be held Friday evening at the Kelsey Hall, F. M. Holden, center chairman, presiding.

In addition to the center program, there will be several reels of motion pictures, both of an entertaining and of an instructive nature.

"I never visited your town but my father always spoke of it with such interest that the name Placerville has been a household word since my childhood.

"So imagine my pleasure when I find here at our leading grocer's a box of your delicious pears which, need I say, we are doubly enjoying?

"I got a thrill indeed when I saw the name Placerville on the box and on each pear one of your wrappers. A 'Placerville Maid' wrapper is now on my desk before me.

"We lived in Chicago many years and father was founder there in the '30s of the Western Association of California Pioneers of which he was president. Always a loyal and enthusiastic friend of California. His interest I have always shared as the son of so worthy a pioneer.

"Truly the world is small and in spite of distance here the ties of friendship bind close. I send cordial greetings to you and your associates and warm praise for the delicious pears your association is shipping.

"It is hardly possible that anyone now living in Placerville could remember my father or his brother or family.

"If you think this bit of history and the incident herein explained would interest the editor of your paper, you are at liberty to give him my letter and if he makes use of it I would be grateful for a copy of the paper."

SHAKESPEARE CLUB MAPS PROGRAM MEETING FOR TUESDAY

The meeting of the Shakespeare Club at the clubhouse on the afternoon of Tuesday, September 21, will be a program meeting and the committee in charge has outlined preparations for a very interesting afternoon.

Each member present will be called upon for a short talk concerning some person of distinction whom they have met during their lifetime. Talks will be limited to three and one-half minutes.

This is according to plans for the meeting as reported to Mrs. John H. Tinney, the club's press chairman.

BACK HOME AGAIN

By Ed Dodd

Lester Longhurst, a patient at the Veterans' Hospital, Fort Miley, San Francisco, is reported as regaining his health.

Morning Star Lodge No. 30, I. O. O. F., is planning a corn beef and cabbage dinner for Friday evening, September 24.

Mrs. L. L. Ellis has returned to Al Tahoe after spending a few days at her home here.

PONY EXPRESS COURIER IS SOLD

(Continued from Page 1)

will follow. Of course, The Courier will retain all of the many interesting features that have made it so popular with its readers during the past four and a half years.

Mr. Robotham has been for years engaged in the transportation business in California and although this has been his "first love," he has seen service in the newspaper business, too, at various times.

Mr. Robotham has an application before the state railroad commission for a permit to operate a series of three-day all-expense tours of the Mother Lode by motor coach from San Francisco. Plans for this service were announced in an article in this newspaper several months ago and a hearing upon Mr. Robotham's application was held at San Francisco on Wednesday of last week.

He is residing at the new Ivy Motel, to be near his business headquarters, at the offices of The Pony Express Courier in the Hangtown Antique Shop and will devote his entire time to the management of the magazine and associated enterprises.

The sale of The Pony Express Courier by Mrs. Brame will permit her to devote her full attention to the management of the Hangtown Antique Shop. Mrs. Brame took charge of the magazine upon the death of her husband early in 1936 and during the past year and more has divided her attention between the two undertakings. Consumption of the sale represents the fulfillment of her desire to be relieved of the responsibilities of The Courier management.

Spanning the Golden Gate

Spanning the Golden State

JUST as the Golden Gate Bridge spans the entrance to the great harbor of San Francisco, so does Bank of America's great network of branches span the Golden State of California. Between the Oregon line and the Mexican border, 486 branches are conveniently located in 301 California communities. So completely do these branches fulfill their purpose that it may be said there is hardly a neighborhood in California which does not enjoy metropolitan banking facilities.
